- To maintain compliance, the merchant must be aware of and validate against its individual requirements as set by the Payment Card Industry Security Standards Council and the payment card brands.
- It is merchant's sole responsibility to achieve and maintain compliance with the card association security requirements and obtain validation on at least a quarterly basis.
- This certificate of self-assessment is based on unverified information provided by Merchant and is for the sole purpose of identifying attestation for compliance by Merchant and cannot be used for any other purpose.
- SC2labs makes no representation or warranty as to whether Merchant's systems are secure from either an internal or external attack or whether cardholder data is at risk of being compromised.
